B. Competency Interview Guides

To Conduct and Analyze Structured Behavioral-Event Interviews

Competency Interview Guides provide an easy-to-follow format for structured, behavioral-based interviews. Each Guide, with specific questions related to the competency, makes it easy for the hiring manager or interviewer to collect behavioral examples about a candidate's relevant work experiences and accomplishments.

The Guides provide:

- Specific questions and probes for each competency,
- Specific, high-quality behavioral data describing what superior performers do to achieve superior results,
- Surfacing of non-obvious effective behaviors that job incumbents and their bosses may be unaware of or unable to articulate,
- Strong evidence for a competency model's validity – evidence that is especially important if the model will be used for external selection.

An intellectual property license permits organizations to:

- Personalize and customize interviewing content
- Enhance their interviewing application by adding unique criteria
- Uniquely brand interviewing guides
- Reorganize interviewing guide templates
